In the News

The [NMCPHC Coronavirus website](#) continues to be updated with the most recent DoN Coronavirus guidance. The website includes a [Toolbox](#) with materials for preventive medicine and health departments including guidance for reopening and resources and additional resources for contact tracing training.

Reporting Tip of the Month

In addition to the information in the monthly trainings and the COVID toolbox, NMCPHC website has many tools available to help you have a robust surveillance program.

- Check out our Barriers and Practical Solutions to Disease Reporting to improve your program.
- Want to know what is happening with influenza in the Navy this year? Read the NMCPHC Weekly DON Influenza Report.
- Outbreak Reporting Fact Sheet: <http://go.usa.gov/x836M>
- Find guidance on getting an account and learn more about ESSENCE V alerts at: <https://go.usa.gov/xpZgy>.
